### Program Overview

ExperienceChange™ provides a simple, easy-to-use framework for everyone involved in managing change. Our expert-guided workshop helps participants execute on your ideas while teaching participants the essentials of successful change. Backed by over 20 years of research, industry insights and results, this workshop combines proven approaches with hands-on practice in an engaging, low-risk and high-impact experience.

### Who Is This Course For?

For all stakeholder groups involved in a change initiative.

### Learning Objectives

- Equip people with a common language for change.
- Build capability and confidence with essential change approaches.
- Produce new insights into success barriers and accelerators of existing change projects.
- Uncover and address unproductive leadership and manager habits..

### A Year of Experience In One Day

Leaders and managers are challenged to roll up their sleeves and tackle a realistic change project. More than 75% of their time is spent on team-based project work, leading a change from analysis through to planning and implementation. The experience delivers the essentials of a year-long change journey in a one-day workshop, enabling people to engage with the behaviours, tools and skill sets that make change happen. They leave with the confidence, process and practice to immediately start leading change and making an impact.
